

AC SLIDING GATE MOTOR

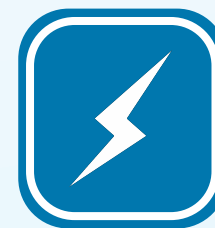

AC800

FEATURE

Suitable for gate from 400kg - 800kg

Electromechanical automation 240V

High quality electronic and mechanical components

Comfortable unlocking motor with release key when power failure

Soft start to ensure a smooth start and smooth operation of the motor.

Come with a weatherproof base cover to prevent screws from rusting

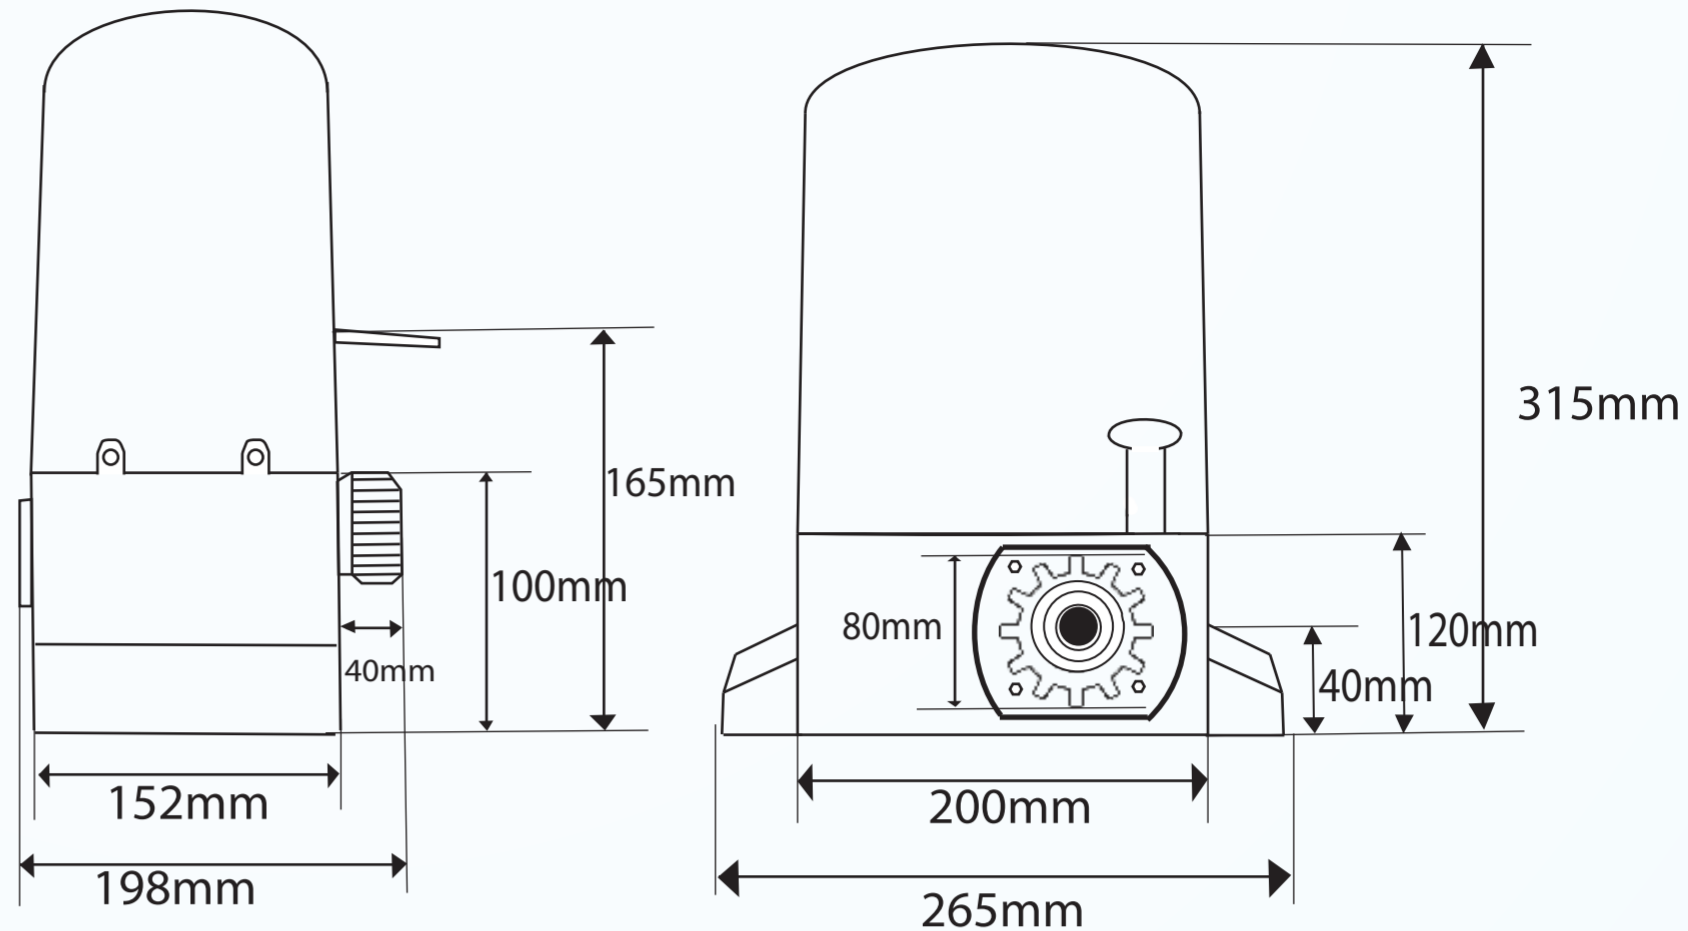

Fast and easy unlock device with release key

Fully built-in compact design

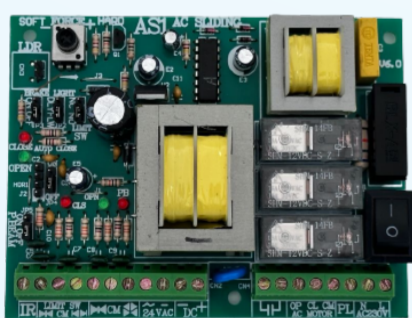

DIMENSION

SPECIFICATIONS

Operating Voltage	AC 220-240V , 50Hz
Output Power	600W
Current	5A Max
Motor Rotation Speed	1400 RPM
Max. Weight of Gate	800 kg
Linear Speed	12m/min
Safety Cut Off / Auto Reverse	Electronic Load Surge Detector
Safety Limit Timer	Yes
Lubrication	Grease Type

ACCESSORIES

AS1
Sliding Type Control Panel

Remote Control set
1x Receiver , 3x Transmitter

Capacitor 16UF
(Sliding Gate Use)

Limit Switch c/w Spring

Emergency Release
Allen Key x 2pcs

Metal Gear

Spare Part set
Mounting Plate and screw ,
Limit Switch Stopper
(1 pair)

Gear Rack x1 pack
4 meter gear rack
with screw and nuts
